

*Retraction*

---

Dennis Davidson and S. Alex Stalcup.

*The Journal of Clinical Investigation*, Vol. 73, No. 2, February 1984.

Pages 317 to 328.

On the basis of correspondence received from authors of the paper, "Systemic Circulatory Adjustments to Acute Hypoxia and Reoxygenation in Unanesthetized Sheep. Role of Renin, Angiotensin II, and Catecholamine Interactions," the Journal notifies its readership that this paper should be considered retracted.
