

Corrigendum

Degradation of DNA damage-independently stalled RNA polymerase II is independent of the E3 ligase E1c1

E. Karakasili, C. Burkert-Kautzsch, A. Kieser and K. Sträßer

Nucleic Acids Res. 2014;42(16):10503–15. doi: 10.1093/nar/gku731.

The authors wish to acknowledge additional funding from the European Research Council (ERC). An updated Funding statement is provided below.

FUNDING

The Boehringer Ingelheim Fonds (to E.K.); the German Research Foundation (SFB646); the Center for Integrated Protein Science, Munich (CIPSM); the European Research Council (ERC) and the EMBO Young Investigator Programme (to K.S.). Funding for open access charge: SFB646.
