

**Biochemistry.** In the article "Gastric DNA-binding proteins recognize upstream sequence motifs of parietal cell-specific genes" by Shigehiko Tamura, Xiao-Hui Wang, Masatomo Maeda, and Masamitsu Futai, which appeared in number 22, November 15, 1993, of *Proc. Natl. Acad. Sci. USA* (90, 10876–10880), the authors request that the following correction be noted. Mistyping caused errors in the deduced amino acid sequence up to the 30th residue shown in Fig. 3. The corrected sequence for amino acid residues 1–30 is given below. This correction does not affect the conclusion of the paper.
