PSYCHOLOGICAL AND COGNITIVE SCIENCES

Correction for “Cross-cultural recognition of basic emotions through nonverbal emotional vocalizations,” by Disa A. Sauter, Frank Eisner, Paul Ekman, and Sophie K. Scott, which appeared in issue 6, February 9, 2010, of *Proc Natl Acad Sci USA* (107:2408–2412; first published January 25, 2010; 10.1073/pnas.0908239106).

The authors would like to note: “The *Design and Procedure* section described that all participants completed four trials for each of the nine emotions. We would like to make explicit that trials were blocked per emotion.”
