Tang W, Hu J, Zhang H, Wu P, He H. Kappa coefficient: a popular measure of rater agreement. *Shanghai Arch Psychiatry*. 2015; **27**(1): 62-67. doi: <http://dx.doi.org/10.11919/j.issn.1002-0829.215010>

In the 2nd paragraph of section 2 of the paper, the parenthetical remark “(in this example, 35.5% [(19+50)/200])” should read “(in this example, 65.5% [(66+65)/200])”. The corrected sentence should read “Intuitively, we may think that the proportion of cases in which the two ratings are the same (in this example, 65.5% [(66+65)/200]) would be a reasonable measure of agreement.” This change was made to the online version on the *Shanghai Archives of Psychiatry* website as of 3 April 2015.

In the Forrest plot shown in Figure 2 in the printed issue the reference numbers for three of the studies listed in the figure were incorrect: 'Wang 2009[46]' should be 'Wang 2009[41]', 'Zhou 2012[50]' should be 'Zhou 2012[47]', and 'Zhu 2012[52]' should be 'Zhu 2012[48]'. The online version of the article is correct.
