### Erratum to: Gastric Cancer DOI 10.1007/s10120-014-0413-8

Unfortunately, errors appeared in this article.

In the **Results** section, under the heading “Predictive value of biomarker analysis”, at the end of the final sentence in the second paragraph, the parenthetical expression “(data not shown)” should be deleted, as the data actually are shown.

Also, in Table 4, for the factor “Histological type” (in column 1), in column 2 (“Group”) the word “Undifferentiated” should appear first, above “Differentiated”, and the superscript “a” on “Undifferentiated” should be deleted.

We apologize for the occurrence of these errors.
