S. Endo
Department of Thoracic Surgery, Jichi Medical University, Tochigi, Japan

Y. Doki
Department of Gastroenterological Surgery Graduate School of Medicine, Osaka University, Osaka, Japan

The following errors appeared in the above-cited article.

In 2012 Final report, (A) Cardiovascular surgery section, on the seventh line in the third paragraph, “14,944 cases in thoracic aortic aneurysm” should read “15,058 cases in thoracic aortic aneurysm”.

J. Kobayashi
Department of Cardiovascular Surgery, National Cerebral and Cardiovascular Center, Osaka, Japan

N. Motomura

Department of General Thoracic Surgery, Faculty of Medicine, Kagawa University, Kagawa, Japan

Also in (A) Cardiovascular surgery section, the title for Table 3, “Thoracic aortic aneurysm (total; 14,944)” should read “Thoracic aortic aneurysm (total; 15,058)”. (1) “Dissection (total; 6,266”) should read (1) “Dissection (total; 6,380”). Additionally, some column totals were incorrect. The corrected table is given below.

In (B) General thoracic surgery section, Table 22, on the eighth line of the table body, “Cardinal reconstruction” should read “Carinal reconstruction”.

Table 3 Thoracic aortic aneurysm (total: 15,058)
(1) Dissection (total: 6,380)
