

CORRECTION

Correction: Efficient "Shotgun" Inference of Neural Connectivity from Highly Sub-sampled Activity Data

The PLOS Computational Biology Staff

An error was introduced during the typesetting process. In the fourth line of Equation 13, there should be no dot above the 'T' to the right of the approximate equality sign. The corrected line should be:

$$\approx T \sum_{i=1}^N \left[\left\langle S_{i,t} U_{i,t} \right\rangle_T - \int \ln(1 + e^x) \mathcal{N}(x | \langle U_{i,t} \rangle_T, \text{Var}_T(U_{i,t})) dx \right]$$

The publisher apologizes for this error.
