
CORRIGENDUM

Re: Dr MacFadden, WL Gold, I Al-Busaidi, et al. An educational forum to engage infectious diseases and microbiology residents in resource stewardship modelled after the Choosing Wisely campaign. *Can J Infect Dis Med Microbiol* 2015;26(5):231-233.

In this article, published in the September/October 2015 issue of the *Journal*, the CD4 cell count of >200 cells/ μ L reported in Table 1 was incorrectly stated. The CD4 cell count should have been >500 cells/ μ L.
