For the article titled “Treatment Recommendations Following 3-Day Masked Continuous Glucose Monitoring (CGM) in Youth With Type 1 Diabetes” published in the month of May in the *Journal of Diabetes Science and Technology*, 2014;8(3):494-497, doi:10.1177/1932296814528135, the authors neglected to include an affiliation for first author Lisa E. Rasbach, MSN.

In addition to her affiliation with the Joslin Diabetes Center, she was a doctoral student at the Medical University of South Carolina College of Nursing during the research, writing, and publication of the manuscript.

Hence, the correct affiliations for Lisa E. Rasbach, MSN should read as:

<sup>1</sup>Pediatric, Adolescent, and Young Adult Section, Genetics and Epidemiology Section, Joslin Diabetes Center, Boston, MA, USA

<sup>2</sup>Medical University of South Carolina College of Nursing, Charleston, SC, USA
