The article titled "Changes of Radial Diffusivity and Fractional Anisotopy in the Optic Nerve and Optic Radiation of Glaucoma Patients" [1] has been retracted as it was found to contain a substantial amount of material, without referencing, from the following published article: "A New Approach to Assess Intracranial White Matter Abnormalities in Glaucoma Patients: Changes of Fractional Anisotropy Detected by 3T Diffusion Tensor Imaging," by T. Engelhorn, G. Michelson, S. Waerntges, S. Hempel, A. El-Rafei, T. Struffert, and A. Doerfler, in Academic Radiology.
