Erratum to: *Cardiovasc Drugs Ther*
DOI 10.1007/s10557-009-6209-0

The original version of this article unfortunately contained a mistake.

Line 7 of paragraph 3 under the heading **Involvement of estrogen receptors and the question of gender differences** should read “relaxation in endothelium-*intact* arteries from both male” instead of “relaxation in endothelium-*denuded* arteries from both male”.

The online version of the original article can be found at <http://dx.doi.org/10.1007/s10557-009-6209-0>.
