

Erratum: Utility of 18F choline photon emission tomography/computed tomography in the diagnosis of parathyroid adenoma

In the article, “Utility of 18F choline photon emission tomography/computed tomography in the diagnosis of parathyroid adenoma.”, which appeared in the pages 207-209, issue 3, vol. 31 of Indian Journal of Nuclear Medicine,^[1] the article title is incorrectly written as “Utility of 18F-choline photon emission tomography/computed tomography in the diagnosis of parathyroid adenoma” instead of “Utility of 18F-choline positron emission tomography/computed tomography in the diagnosis of parathyroid adenoma”.
