Retraction Note: Neuropathological and neuroprotective features of vitamin B₁₂ on the dorsal spinal ganglion of rats after the experimental crush of sciatic nerve: an experimental study

Rahim Hobbenaghi¹, Javad Javanbakht^{2*}, Ehan Hosseini³, Shahin Mohammadi⁴, Mojtaba Rajabian⁵, Pedram Moayeri⁶ and Mehdi Aghamohammad Hassan⁷

Retraction Note

The Editor-in-Chief and Publisher have retracted this article [1] because the scientific integrity of the content cannot be guaranteed. An investigation by the Publisher found it to be one of a group of articles we have identified as showing evidence suggestive of attempts to subvert the peer review and publication system to inappropriately obtain or allocate authorship. This article showed evidence of plagiarism (most notably from the articles cited [2–7]) and peer review and authorship manipulation.

Author details

¹Department of Pathology, Faculty of Veterinary Medicine, University of Urmia, Urmia, Iran. ²Department of Pathology, Faculty of Veterinary Medicine, University of Tehran, Tehran, Iran. ³Faculty of Para Veterinary Medicine, Ilam University, Ilam, Iran. ⁴Graduate Faculty of Veterinary Medicine, University of Urmia, Urmia, Iran. ⁵Food Hygiene Department, University of Shahekord, Shahekord, Iran. ⁶Resident of Large Animal Internal Medicine Department, University of Shahekord, Shahekord, Iran. ⁷Department of Clinical Science, Faculty of Veterinary Medicine, University of Tehran, Tehran, Iran.
