Retraction Note: Down-regulated microRNA-124 expression as predictive biomarker and its prognostic significance with clinicopathological features in breast cancer patients

Ali Arabkheradmand[1], Aghdas Safari[2], Mehri Seifoleslami[2], Emad Yahaghi[3] and Masoumeh Gity[4*]

Retraction

The Editor-in-Chief and Publisher have retracted this article [1] because the scientific integrity of the content cannot be guaranteed. An investigation by the Publisher found it to be one of a group of articles we have identified as showing evidence suggestive of attempts to subvert the peer review and publication system to inappropriately obtain or allocate authorship. This article showed evidence of plagiarism (most notably from the articles cited [2–4]) and authorship manipulation.
