# Erratum to: Sample size calculations for cluster randomised controlled trials with a fixed number of clusters

Karla Hemming<sup>\*</sup>, Alan J Girling, Alice J Sitch, Jennifer Marsh and Richard J Lilford

## Erratum

After publication of the original article [1], it came to the authors' attention that there was a typing error in equation 16. There should be a rho on the denominator of this equation.

The published version of equation 16 is:

$$m = \frac{(1-\rho)n_I}{k-n_I(cv^2 + 1)}$$

The correct version of equation 16 is:

$$m = \frac{(1-\rho)n_I}{k-n_I(cv^2 + 1)\rho}$$

Published online: 19 January 2017
