Erratum for Peterson CM et al. Universal equation for estimating ideal body weight and body weight at any BMI. *Am J Clin Nutr* 2016;103:1197–203.

Square brackets were inserted erroneously in Equation 13 during copyediting. The correct equation is as follows:

$$\text{Wt (lb)} = 5 \times \text{BMI} + [(\text{BMI} \div 5) \times (\text{Ht} - 60 \text{ in})]$$

Erratum for Jakeman SA et al. Soluble corn fiber increases bone calcium retention in postmenopausal women in a dose-dependent manner: a randomized crossover trial. *Am J Clin Nutr* 2016;104:837–43.

On page 838, the sentence “After the baseline phase, participants were randomly assigned to receive 0, 10, or 20 g fiber from SCF/d in one of the following 6 sequences: 1) ABC, 2) ACB, 3) BCA, 4) BAC, 5) CAB, and 6) CBA” should instead read as follows: “The baseline period was followed by three 50-d intervention periods, each separated by a 50-d washout period. Participants were randomly assigned to receive each of the 3 interventions, 0, 10, or 20 g fiber from SCF/d, in one of the following 6 sequences: 1) ABC, 2) ACB, 3) BCA, 4) BAC, 5) CAB, and 6) CBA.”
