
Large-Scale Identification of Common Trait and Disease Variants Affecting Gene Expression

Mads Engel Hauberg,* Wen Zhang, Claudia Giambartolomei, Oscar Franzén, David L. Morris, Timothy J. Vyse, Arno Ruusalepp, CommonMind Consortium, Pamela Sklar, Eric E. Schadt, Johan L.M. Björkegren, and Panos Roussos*

(The American Journal of Human Genetics 100, 885–894; June 1, 2017)

In the originally published article, Table S3 was unfortunately missing data. The file has now been replaced online, and the authors apologize for the oversight.
