In this paper, page 4: Table 1, *Vineland II Adaptive Behavior score* is a title; therefore the score '62 (12.9)' should be

removed. In the second paragraph of the RESULTS section, the *VABS-II score* should be '63 (12.5)' instead of '62 (12.9)'. Page 6: Table 2, the *WAVW (ratio)* section, *Eyes p-value* should be '0.99,' instead of '0.10'.
