

Neurobiology. In the article “Investigating neural correlates of conscious perception by frequency-tagged neuromagnetic responses” by Giulio Tononi, Ramesh Srinivasan, D. Patrick Russell, and Gerald M. Edelman, which appeared in number 6, March 17, 1998, of *Proc. Natl. Acad. Sci. USA* (**95**, 3198–3203), the following correction should be noted. In the legend to Fig. 1 (p. 3200, lines 3–5 of the figure legend), the printed value for f_2 (8.33 Hz) is incorrect and should be replaced by 9.50 Hz. The correction does not change the paper in any other way, and the legend to Fig. 1 is otherwise correct. In particular, the reference to Fig. 1 in the second paragraph of the *Results* section correctly states the values of the two frequency tags.
