

Leveraging Multi-ethnic Evidence for Risk Assessment of Quantitative Traits in Minority Populations

Marc A. Coram, Huaying Fang, Sophie I. Candille, Themistocles L. Assimes, and Hua Tang*

(The American Journal of Human Genetics 101, 218–226; August 3, 2017)

In the originally published article, the penultimate equation on page 219 unfortunately contained an error. It appears correctly below and online. All results remain unchanged. The authors regret the error.

$$\hat{\mathbf{u}}_k = \frac{\hat{\sigma}_k^2}{|C_k|} \mathbf{z}'_k \mathbf{V}^{-1} \mathbf{Y}$$

Dominant Mutations in *GRM1* Cause Spinocerebellar Ataxia Type 44

Lauren M. Watson, Elizabeth Bamber, Ricardo Parolin Schnekenberg, Jonathan Williams, Conceição Bettencourt, Sandeep Jayawant, Jennifer Lickiss, Katherine Fawcett, Samuel Clokie, Yvonne Wallis, Penny Clouston, David Sims, Henry Houlden, Esther B.E. Becker,* and Andrea H. Németh*

(The American Journal of Human Genetics 101, 451–458; September 7, 2017)

Through an unfortunate oversight, Sandeep Jayawant was omitted from the author list. He is affiliated with the Department of Paediatrics, Oxford University Hospitals NHS Trust, Oxford OX3 9DU, UK, and his name appears correctly in the author list above and in the online version of the article. The authors regret this error.

In addition, the MIM accession number for SCA44 was incorrect. The correct number is MIM: 617691, and the online version of the article has been corrected. We regret this error.
