Brisson, L.F., Zelitch, I., and Havir, E.A. Manipulation of Catalase Levels Produces Altered Photosynthesis in Transgenic Tobacco Plants.

In the abstract and in the abbreviations footnote, the word “catalatic” was incorrectly typeset and printed as “catalytic.” The correct sentences appear below.

Abbreviations footnote: CAT-1, the high catalatic form of catalase.

Abstract: The *N. tabacum* leaf cDNA specifically overexpressed CAT-1, the high catalatic form, activity.
