In the article entitled, “Decidual Cell Regulation of Natural Killer Cell—Recruiting Chemokines: Implications for the Pathogenesis and Prediction of Preeclampsia” (Volume 183, pages 841–856 of the September 2013 issue of *The American Journal of Pathology*), there was a typo in the legend for Figure 12. The correct abbreviation for IFN-inducible T cell- α chemoattractant is I-TAC. The figure did not contain any errors.

In the article entitled, “*N,N*-Dimethylacetamide Regulates the Proinflammatory Response Associated with Endotoxin and Prevents Preterm Birth” (Volume 183, pages 422–430 of the August 2013 issue), the data deposit

information for microarray experiments was incomplete. The microarray data can now be viewed at Gene Expression Omnibus (<http://www.ncbi.nlm.nih.gov/geo>; accession number GSE49895).

In the article entitled, “Positioning Ganglioside D3 as an Immunotherapeutic Target in Lymphangioliomyomatosis” (Volume 183, pages 226–234 of the July 2013 issue), a funding source was missing. The correct funding information is as follows: These studies were supported by a Pilot Award from the LAM Foundation and Department of Defense Idea Award TC110036 to I.C.L.P.
