Received October 9, 2017; Accepted November 13, 2017; Epub November 15, 2017; Published November 30, 2017

In this article published in AJTR, a minor concern regarding the title has been raised by a reader although such a minor concern has no impact on the overall findings and conclusions previously reported. We therefore request you to publish Erratum to reflect this change where there is a missing 's' in the end of 'rat'. The authors express regrets for this confusion.
