Volume 87, no. 22, p. 12260–12269, 2013, <https://doi.org/10.1128/JVI.01948-13>. Page 12267, Fig. 4B: Due to errors in preparing the figure, duplications of the photos corresponding to lane 1, “OmpF/1-569,” and lane 2, “OmpF/1-469,” were incorrectly placed in the positions corresponding to lane 9, “OmpF/510-529,” and lane 10, “OmpF/520-539,” respectively. The figure panels represent photos taken from different gels and then joined together, and the splices are now indicated by a black line at each junction of the separate images.

Figure 4B should appear as shown below.

Page 12267, legend to Fig. 4B, line 5: The following sentence should be added. “The photos were taken from different gels and were spliced for labeling purposes.”

Page 12267, Fig. 5C: Due to errors in preparing the figure, a duplication of the photo corresponding to lane 11, “Ail/M10,” was incorrectly placed in the position corresponding to lane 14, “Ail/-.” The figure panels represent photos taken from different gels and then joined together, and the splices are now indicated by a black line at each junction of the separate images.

Figure 5C should appear as shown below.

Page 12267, legend to Fig. 5C, line 4: The following sentence should be added. “The photos were taken from different gels and were spliced for labeling purposes.”

Correction of these errors does not affect the results or conclusions of the paper, and we apologize for the mistakes.
