

An addendum has been added to an article posted in the 15 August 2016 issue of the journal [McElroy AK, Harmon JR, Flietstra TD, et al. Kinetic Analysis of Biomarkers in a Cohort of US Patients With Ebola Virus Disease. *Clin Infect Dis* **2016**;

63:460–7. doi:10.1093/cid/ciw334]. The authors would like to acknowledge Dr Martin Salia and his family for their heroism and significant sacrifices in the fight against Ebola virus disease.

Two errors appeared in the 15 May 2017 issue of the journal [Cuervo G, Garcia-Vidal C, Puig-Asensio M, et al. Echinocandins Compared to Fluconazole for Candidemia of a Urinary Tract Source: A Propensity Score Analysis. Clin Infect Dis 2017; 64:1374–9]. First, the affiliations for Guillermo Cuervo, Jordi Carratalà, Josefina Ayats, Carolina Garcia-Vidal, and Francesc Marco are incorrect. The correct affiliations are as follows:

Guillermo Cuervo and Jordi Carratalà: Department of Infectious Diseases, Hospital Universitari de Bellvitge, Institut D’Investigació Biomèdica de Bellvitge, Universitat de Barcelona

Josefina Ayats: Department of Microbiology, Hospital Universitari de Bellvitge, Institut D’Investigació Biomèdica de Bellvitge, Universitat de Barcelona

Carolina Garcia-Vidal: Department of Infectious Diseases, Hospital Clínic, Centre Diagnòstic Biomèdic and ISGlobal, Barcelona Centre for International Health Research, Universitat de Barcelona

Francesc Marco: Department of Microbiology, Hospital Clínic, Centre Diagnòstic Biomèdic and ISGlobal, Barcelona Centre for International Health Research, Universitat de Barcelona.

Second, the last sentence of the second paragraph of the Results section should read “*Candida* strains that were less susceptible to fluconazole were observed in 38 (29.7%) isolates, but resistance to echinocandins was low (n = 7 [5.5%])” [not “*Candida* strains that were not susceptible to fluconazole were observed...”].

The publisher and authors regret these errors.
