A corrigendum on

Broad Impairment of Natural Killer Cells From Operationally Tolerant Kidney Transplanted Patients

by Dugast E, David G, Oger R, Danger R, Judor JP, Gagne K, et al. *Front Immunol* (2017) 8:1721. doi: 10.3389/fimmu.2017.01721

There was a mistake in the authorship. The name of Jean-Paul Soullillou was unintentionally omitted. Dr. Soullillou has contributed to collecting and providing important biological samples used for the manuscript, and as such he should be included in the authorship. The authors apologize for the mistake. This error does not change the scientific conclusions of the article in any way.

With the inclusion of Dr. Soullillou's name in the authorship, the paragraph of Author Contributions should also be corrected as follows:

SB and CR designed the study; ED, GD, RO, J-PJ, and CP acquired data; MC, PG, MG, and J-PS collected and provided important samples; ED, RD, KG, ND, PP, CP, SC, NG, CR, and SB analyzed and interpreted data; ED, CR, and SB wrote the manuscript; and all authors approved the final version of the manuscript.

This correction does not change the scientific conclusions of the article in any way.

The authors apologize for the mistake.

The original article has been updated.

Conflict of Interest Statement: The authors declare that the research was conducted in the absence of any commercial or financial relationships that could be construed as a potential conflict of interest.
