

Dramatic rebounds of MS during pregnancy following fingolimod withdrawal

Neurol Neuroimmunol Neuroinflamm 2018;5:e462. doi:10.1212/NXI.0000000000000462

In the Clinical/Scientific Note "Dramatic rebounds of MS during pregnancy following fingolimod withdrawal" by G. Novi et al.,¹ there is an error in the study funding statement, which should have specified, "Some of the results discussed in this publication were supported by Compagnia di San Paolo." The authors regret the omission.
