Correction to: *Nature Communications* <https://doi.org/10.1038/s41467-018-03225-9>, published online 28 February 2018.

In the originally published version of this Article, images in Fig. 5n were inadvertently replaced with duplicates of images in Fig. 5o during the production process. This has now been corrected in both the PDF and HTML versions of the Article.
