The author found out that the corresponding email address of the article ‘Optimizing quality of life for patients with idiopathic pulmonary fibrosis’ was incorrect. Instead of m.wijsenbeek@erasmusmc.nl

it should be
m.wijsenbeek-lourens@erasmusmc.nl.

Also, the sentence: ‘Some recent studies underlined that information should be gradually paced, and dyssynchrony between patient and partners in coping with the disease should be taken into account.^{5,50}’ in the first paragraph of the ‘Backing section’ should refer to references 5 and 49 instead of 5 and 50. Reference 49 is: Bajwah et al. *BMJ Support Palliat Care* 2013; 3: 84–90.
