(The American Journal of Human Genetics 99; 236–245, July 7, 2016)

In Table 1 of this article, the “cold-induced sweating” row incorrectly contains a plus sign for individual CS_258 instead of a minus sign. That is, the authors did not observe cold-induced sweating for any individuals in the cohort with mutations in *KLHL7*. The authors apologize for the error and any confusion it may have caused.

In the originally published version of this article, the surname of author Nathalie Boddaert was unfortunately misspelled as “Bodaert.” The error has now been corrected online, and the authors apologize for the oversight.
