

## RETRACTION

The Clinical Trial Protocol by Na Tosha N Gatson, Shiao-Pei S Weathers and John F de Groot, entitled “ReACT Phase II trial: a critical evaluation of the use of rindopepimut plus bevacizumab to treat EGFRvIII-positive recurrent glioblastoma”, (*CNS Oncology* 5[1], 11–26 [2016]), has been retracted owing to the following:

In an effort to provide a detailed review of the ReACT Phase II clinical trial, the authors have provided data in a format that could be misinterpreted as a primary paper reporting the results of the trial. To this date, the original trial results are not currently published.

The authors and editors of *CNS Oncology* would like to sincerely apologize for any inconvenience this may have caused our readers and the investigators of the ReACT Phase II trial.
