The authors wish to make the following correction to their paper [1].

There is one typing mistake in Section 5.2. The current version is “The inoculated maize was incubated for 15 days to obtain the approximate AFB<sub>1</sub> content of 6400 µg/kg”. The correct version should be “The inoculated maize was incubated for 15 days to obtain the approximate AFB<sub>1</sub> content of 64 mg/kg”.

The changes do not affect the scientific results. The manuscript will be updated and the original will remain online on the article webpage. We apologize for any inconvenience caused to our readers.
