“Partitioning the Metabolic Cost of Human Running: A Task-by-Task Approach.”  
Christopher J. Arellano and Rodger Kram.

An error in Fig. 1 has been corrected to illustrate the trend for net  $\text{VO}_2$  and cost of transport across running speed based on the data of Margaria et al. (1963). The original error in Fig. 1 arose from an improper unit conversion. The error has been fixed in the online issue.
