A typographical error appeared in Figure 2E in the original publication of this article. In the left axis of the HD [healthy donor] section of the heat map, MUC17 was duplicated in the bottom two rows of the MUC genes. The MUC genes, in order, should be MUC3A, MUC6, MUC12, MUC16, and MUC17 (not MUC3A, MUC6, MUC12, MUC17, and MUC17, as previously shown). This error has been corrected in the online publication.
