When the manuscript was originally published online, in Figure 2B, in the second panel, the percentage reduction in volume was incorrect. The printed version is correct. The correct figure part is below. The HTML and PDF files have been updated online.

The *JCI* regrets the error.

An investigative committee at Harvard Medical School and Brigham and Women's Hospital recently concluded that the microscopy images in Figure 1A were compromised, and the corresponding author did not identify the primary data supporting this figure. In accordance with the institutional recommendation, the *JCI* is retracting this article.
