Corrigendum

doi:10.1093/ehjci/je148

Online publish-ahead-of-print 1 October 2018

Corrigendum to: Left ventricular thrombus formation in myocardial infarction is associated with altered left ventricular blood flow energetics [*Eur Heart J Cardiovasc Imaging* 2019;**20**:108–17]

There were three errors in the originally published version:

- Affiliation 3 was incorrect in the original version and should have read 'Radboudumc, Department of Cardiology, Geert Grooteplein Zuid 10, 6525 GA Nijmegen, The Netherlands.'
- Under the heading 'CMR examination', the abbreviation 'MR' has been spelt out as 'mitral regurgitation' but should have read 'magnetic resonance'.
- Under the heading 'Haemodynamic analysis', the abbreviation 'MR' stands for 'mitral regurgitation'.
