In Extended Data Fig. 5d of this Letter, the blots for anti-pS612 and anti-BAK1 were inadvertently duplicated, owing to a copy and paste error during figure preparation. (The original blots presented in Supplementary Fig. 1 were correct.) The original figure has been corrected online, and see Fig. 1 to this Amendment for the old, incorrect Extended Data Fig. 5d, for transparency.

This figure displays the corrected panels and the incorrect published panels from Extended Data Fig. 5d of the original Letter.
