Correction to: Risk and protective factors for mental health morbidity in a community sample of female-to-male trans-masculine adults

Michal J. McDowell¹, Jaclyn M. W. Hughto^{2,3} and Sari L. Reisner^{1,4,5*}

Correction to: *BMC Psychiatry*

<https://doi.org/10.1186/s12888-018-2008-0>

Following publication of the original article [1], we have been notified of the below corrections.

- NSSI prevalence: The sample prevalence (31.1%) was accidentally reported for both anxiety and NSSI. The prevalence of NSSI was 15.0% had engaged within the past 12-months.
- Annual household income: Low income was written as \$32,000 instead of \$30,000. Annual household income was assessed continuously and coded as low (less than \$30,000 - representing ~ 260% of the 2013 federal poverty level, \$30,000 or more than \$30,000).
- The second author's name should be written as:
Jaclyn M.W. Hughto
