## Author Correction: Human motor cortex relies on sparse and action-specific activation during laughing, smiling and speech production

Markus Kern<sup>1,2,3,4</sup>, Sina Bert<sup>2,3,4</sup>, Olga Glanz<sup>1,3,4,5,6</sup>, Andreas Schulze-Bonhage<sup>3</sup> & Tonio Ball <sup>1,4</sup>

Correction to: *Communications Biology* <https://doi.org/10.1038/s42003-019-0360-3>, Published online 26 March 2019

In the original version of the paper, Fig. 4 contained an error in the labels for “Intermediate” and “Insignificant” in the figure key, making the symbols partially illegible. This error has been corrected in the HTML and PDF versions of the paper.
