

# Message from the Editors to our Reviewers

John R. Corboy, MD, FAAN, Editor, Laura B. Powers, MD, FAAN, Deputy Editor, David C. Anderson, MD, FAAN, and Richard L. Barbano, MD, PhD, FAAN, Associate Editors

*Neurology: Clinical Practice* April 2019 vol. 9 no. 2 90-92 doi:10.1212/CPJ.0000000000000616

We thank our invaluable reviewers. The reviewers listed below with 1 asterisk have reviewed 5 or more papers. Two asterisks indicate that the reviewer has reviewed 10 or more manuscripts. This list includes those reviewers who returned a review or reviews of initial submissions (re-reviews of the same manuscript are not included) between December 2017 and December 2018.

We are actively seeking new reviewers to ensure that our content is relevant to all who provide neurologic care. We are especially interested in enlisting advanced practice providers and nonacademic providers to weigh in on submissions, particularly those related to health care delivery. If interested, please send your CV and areas of interest to [ncpjourn@neurology.org](mailto:ncpjourn@neurology.org).

## Disclosure

J.R. Corboy conducts research supported by PCORI, Novartis, the National Multiple Sclerosis Society, and Med Day. Dr. Corboy has received honoraria for speaking from AAN, PRIME Education, Inc., and the Rocky Mountain MS Center. He receives an honorarium from the AAN as an Associate Editor of *Neurology*<sup>®</sup> and Editor of *Neurology: Clinical Practice*. He is a consultant to Novartis, participating on a steering committee, and Biogen, on a legal issue. He also consults on medico-legal issues, not involving commercial entities. L.B. Powers serves as Deputy Editor of *Neurology: Clinical Practice* and associate editor for coding for *Continuum*. D.C. Anderson serves as associate

editor of *Neurology: Clinical Practice*. R.L. Barbano serves as associate editor for *Neurology: Clinical Practice*; performs botulinum toxin injections at the University of Rochester (30% effort); serves/has served on scientific advisory board for Allergan, Ipsen, Merz and Revance; receives research support from Vaccinex, Fox Foundation, and Revance; has received research support from NIH (NINDS, ORDR): Dystonia Coalition Projects, Site PI; holds stock options in VisualDx; and has served as an expert witness in legal proceedings including malpractice, not involving commercial entities. Full disclosure form information provided by the authors is available with the full text of this article at [Neurology.org/cp](http://Neurology.org/cp).
