REASON FOR WITHDRAWAL

The original authors of this review are unable to update it and this review has now been withdrawn. The Cochrane Pain, Palliative and Supportive Care Review Group (PaPaS) is seeking new authors for the update. If you are interested, please contact the Managing Editor of PaPaS (contact details provided under 'Contact Person').

We are aware that this is a priority topic for the World Health Organisation (WHO) and encourage new author teams to get in touch. A future approach for updating this review may mean splitting the review per individual beta-blocker.

WHAT'S NEW

Date	Event	Description
10 June 2019	Amended	Contact details updated.

HISTORY

Protocol first published: Issue 3, 2001
