As a result of a production oversight in the originally published version of this article, three author names were printed incorrectly. Erik Thiele Orberg's name was incorrectly tagged; Thiele Orberg's first name is Erik, and his surname is Thiele Orberg. Christina E. DeStefano Shields' name was incorrectly tagged; DeStefano Shields is the complete and correct surname. Lastly, Florencia McAllister's name was printed with an erroneous middle initial. These errors have now been corrected online. The journal apologizes for the errors and any inconvenience that may have resulted.
