Retraction Note: *Diagnostic Pathology* (2013) 8:104
<https://doi.org/10.1186/1746-1596-8-104>

The Editor-in-Chief has retracted this article [1] because Fig. 3 shows overlap with Fig. 6 in [2], Fig. 2b in [3] and Fig. 6a in [4]. An investigation by Zhengzhou University has confirmed that these figures overlap. The data reported in this article are therefore unreliable.

All authors have agreed to this retraction.
