**Correction to:** *EMBO Mol Med* (2017) 9: 265–279. DOI <https://doi.org/10.15252/emmm.201606602> | Published online 4 January 2017

The authors recently noticed an error in Fig 2A. The red channel in Con and CM-G4-KO incorrectly displayed the same image twice. This error was inadvertently introduced in the final revision. The corrected Fig 2A is shown below, and the journal confirms that this

version of the figure was present in the previous revision of the manuscript. The authors apologise for this oversight and any inconvenience it may have caused.

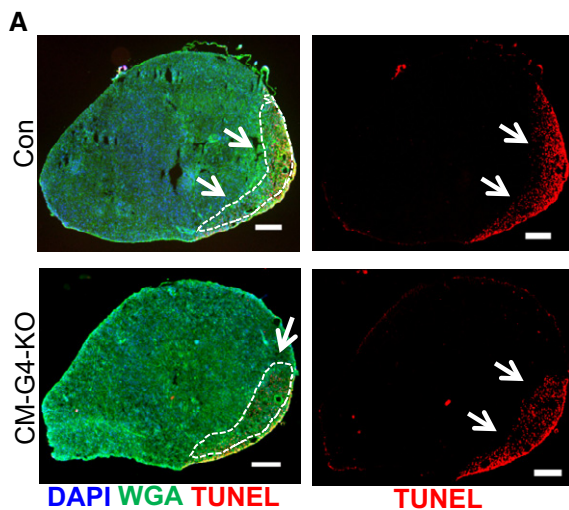

Figure 2A. Revised figure.
