

Corrigendum to: Cellular events and behaviors after grafting of stratified squamous epithelial cell sheet onto a hydrated collagen gel

The original article [1] contained a typo in the ‘Construction of NHEK cell sheets’ section of the Materials and methods. The concentration of hydrocortisone was incorrectly written as $0.4 \text{ mg}\cdot\text{mL}^{-1}$; the correct concentration of hydrocortisone is $0.4 \text{ }\mu\text{g}\cdot\text{mL}^{-1}$.
