# Author Correction: New microhylid frog genus from Peninsular India with Southeast Asian affinity suggests multiple Cenozoic biotic exchanges between India and Eurasia

Sonali Garg &amp; S. D. Biju

Correction to: *Scientific Reports* <https://doi.org/10.1038/s41598-018-38133-x>, published online 13 February 2019

In this Article, the legend of Table 1 is incorrect:

“Ages are in Million years; HPD = highest posterior density. Best-fit models are provided in Supplementary Table S4. \*Denotes first postulated Miocene exchange; \*\*Denotes second postulated Miocene exchange; ^Denotes diversification events associated with periods of isolation.”

should read:

“Ages are in Million years; HPD = highest posterior density. Best-fit models are provided in Supplementary Table S4. \*Denotes first postulated Eocene exchange; \*\*Denotes second postulated Eocene exchange; ^Denotes diversification events associated with periods of isolation.”
