In the above article the second equation on page three was incorrectly published as follows:

$$\mathrm{MFR}(F, W; H) := \sum\nolimits_{i=1}^{m} w_i \min_{k=1}^{p} \delta \simeq (f_i, h_k),$$

This has now been corrected to read as follows:

$$\mathrm{EC}(F, W; H) := \sum\nolimits_{i=1}^{m} w_i \min_{k=1}^{p} \delta \simeq (f_i, h_k),$$

The author apologises for the error.
