

## Obesity BMI and Mortality in UK Biobank: Revised Estimates Using Mendelian Randomization

*Kaitlin H. Wade, David Carlslake, Naveed Sattar, George Davey Smith, and Nicholas J. Timpson*

*Obesity* (2018) 26:1796-1806. doi:10.1002/oby.22313

After the above article was published, an error in the Results section of the abstract was noted. The corrected sentence is as follows:

Sex stratification supported the causal role of higher BMI decreasing bladder cancer mortality risk (males).

The authors apologize for this oversight.
