J Clin Neurol 2019;15(4):496-501 / <https://doi.org/10.3988/jcn.2019.15.4.496>

Unfortunately, the authors confirmed that some of the data was missing from categories 'Acute gastroenteritis' and 'Febrile seizure' of Table 2 in the original version.

In Table 2, the author wishes to be modified as follows:

**Table 2.** Demographics of patients with benign CwG, acute gastroenteritis, and febrile seizure

|                                       | CwG (n=154)      | Acute gastroenteritis (n=2,938) | Febrile seizure (n=154) |
|---------------------------------------|------------------|---------------------------------|-------------------------|
| Sex, male:female                      | 63:91            | 1,632:1,306                     | 64:90                   |
| Age at onset, years                   | 1.70 (0.73–3.19) | 1.71 (0.65–3.25)                | 1.71 (0.71–3.49)        |
| Serum uric acid, mg/dL                | 9.79±2.16        | 6.04±2.38                       | 4.30±1.02               |
| HCO <sub>3</sub> <sup>-</sup> , mg/dL | 15.72±2.68       | 16.64±2.69                      | 19.40±1.39              |

Data are *n*, mean (range), or mean±SD values.

CwG: convulsion associated with mild gastroenteritis.
